For your many visits and orders of the
past season.

You are always welcome at the Azalea
Glen Nurseries.

AZALEA GLEN NURSERIES

Loxley, Baldwin County, Ala.

Phone 804

We have been serving the public continuously for twenty five years, and gratefully appreciate the fine lot of business with which we have been favored by our many fine and loyal customers.

Come and see us, we have one of the finest collections of Camellias to be found in the South.

Read Before Ordering

Terms of Sale

Prices listed cancel all previous Quotations, and are subject to change without notice.

Payments:—Cash with order. C.O.D. shipments will be made only when twenty-five percent deposit accompanies order.

Add Sales Tax for all Alabama Orders.

We guarantee our stock to be true to name and properly packed.

Our responsibility for delivery ceases when we have delivered the stock to the Transportation Company or Carrier.

We are closed on Sundays.

Phone Loxley Baldwin County 804.

For all plants B-B that are to be crated for shipment add the following to each plant \$1.00.

We are open for business from 7 a. m. to 5 p. m. on week days.

M. M. WINDBIGLER

CAMELLIAS

To you who live in the northern section of the U.S.A. You can have Camellias, too. They are easy to grow, just the same as other house plants, it takes time and care just the same as you give your other plants.

Keep plants well watered but not sloppy. If leaves on the plants turn yellow, try using rain water, and giving each pot plant three tablespoonfuls of sulphur. Sulphur makes the soil acid. Camellias with buds do not like to be in a room that is too hot, keep them where it will be about 45 to 50.

Here in the south we must not plant Camellias too deep, we always here at the nursery plant them one inch higher than they were grown in the nursery row.

Always pick a balled and burlapped camellia up by the ball of soil, never the stem.

We plant on firm ground, and have the hole dug larger than the camellia ball, so that we can put plenty of good soil mixed with peat-moss around the plant, never under, as placing soft soil under a balled plant will let it settle later on and your plants will be planted too deep.

We leave the burlap on our camellias when we plant them.

Always water well when planting and during all dry weather the first year.

Camellias with scale or red-spider should be sprayed with Volck; using it at the rate of one to seventy-five.

We fertilize our plants early in the spring, Feb.-March, and a light application in the fall.

If there is any information that we can help you with your plants, write, we are always glad to

If there is any information that we can give you to help you with your plants, write, we are always glad to help.

CAMELLIAS

We have grafted the new Camellia Mrs. D. W. Davis, and several of the other new ones for next season.

- F—ANNA LEE VARI, Large flat, semi-double Rose Red, with white markings M.

AZALEAS

Growing Good Azales

Azaleas will grow in the sun or in the shade, in the sun you will have brighter colors. Azaleas can be used as pot or tub plants, in sections of the Country where the weather man gives too much ice and snow, for out-side planting.

Azaleas like acid soil, they love peat-moss, use plenty of it in the planting soil or around your plants when placing them in the lawn.

A mixture of Peat-moss, leaf mold and cow manure make a very good soil to use in planting Azaleas.

We fertilize our plants early in the spring, using cottonseed meal, or any good Azalea fertilizer.

Keep well watered during all dry weather. For Scale and Red Spider, spray with Volck, using it, one to fifty. Plants can be dusted with sulphur for Red Spider.

Prune or shear your plants just as soon as they are through blooming, to keep them in whatever form you desire.

INDICA AZALEAS

This is the large flowering variety that grows so well here in the South. You will find them growing at Birmingham, Memphis, Little Rock, Tyler and Houston, Texas.

They want plenty peat-moss used in planting and plenty of water during the summer.

Elegans, Pink

Fielder's White

Formosa, Lavender
